Requirements

Beads

851 x Miyuki 11/0 Delica - (A)
442 x Miyuki 11/0 Delica - (B)
2 x Miyuki 15mm Sliding Tubes
1 x Clasp
2 x Jump Rings
1 x Safety Chain (recommended with a magnetic clasp)

Tools & Other Required Items

Beading Needle - Size 12
Thread - Fireline 6lb or S-Lon Fire 4lb
Scissors
Thread Burner

Design and bead count above are for the full length of the bracelet design which is 20cm in length (without the clasp).

You will need to adjust the length of the piece created based on wrist size and clasp used.

This piece uses odd count peyote turns (all of the even numbered rows are odd count). There is a guide to odd count peyote turns at the end of the pattern and a link to a demonstration video.

This pattern was created to demonstrate the odd count peyote technique for the Banjos Bead House weekly Facebook Live. The two parts demonstrating the turn and how to add the clasp can be viewed here.

Week One

Week Two

Stitches Used

Peyote - an off-loom beading technique, it can be worked with either an even or odd number of beads per row.

Instructions - Odd Count Peyote

Odd count peyote has an odd number of rows, which creates a centre line in your piece, but requires a special turn at one end.

This video is a demonstration of the odd count turn.

1:

As you come to the end of the row, there is no bead to thread into in order to complete the row - so you will need to add the bead.

2:

Pick up a bead

(this will be the first bead indicated in the next row in the pattern) (orange in the photo)

Pass your needle through the last bead on each of the last three rows of stitching. (Orange green blue in the photo)

3:

You now need to complete a turn to move the thread back up to the first row (orange row)

To do this pass your needle up through the second bead from the edge of the third row. This creates a loop of thread in your piece.

4:

Pass back through the last bead on the second row (green) and through the second bead from the edge of the first row (orange)

5:

To complete the turn pass the needle back through the bead added in step 2.
